

Beyond the Balance Sheet 2022:

Increase efficiency and control with Teampay

Teampay customers report faster, more efficient finance processes compared to finance professionals across the nation.

Since they spend less time on manual tasks, they have more time to focus on business strategy and growth.

Compared to other finance professionals, Teampay customers:

Process invoices **2x faster.**

Cut time spent managing cash flow **in half.**

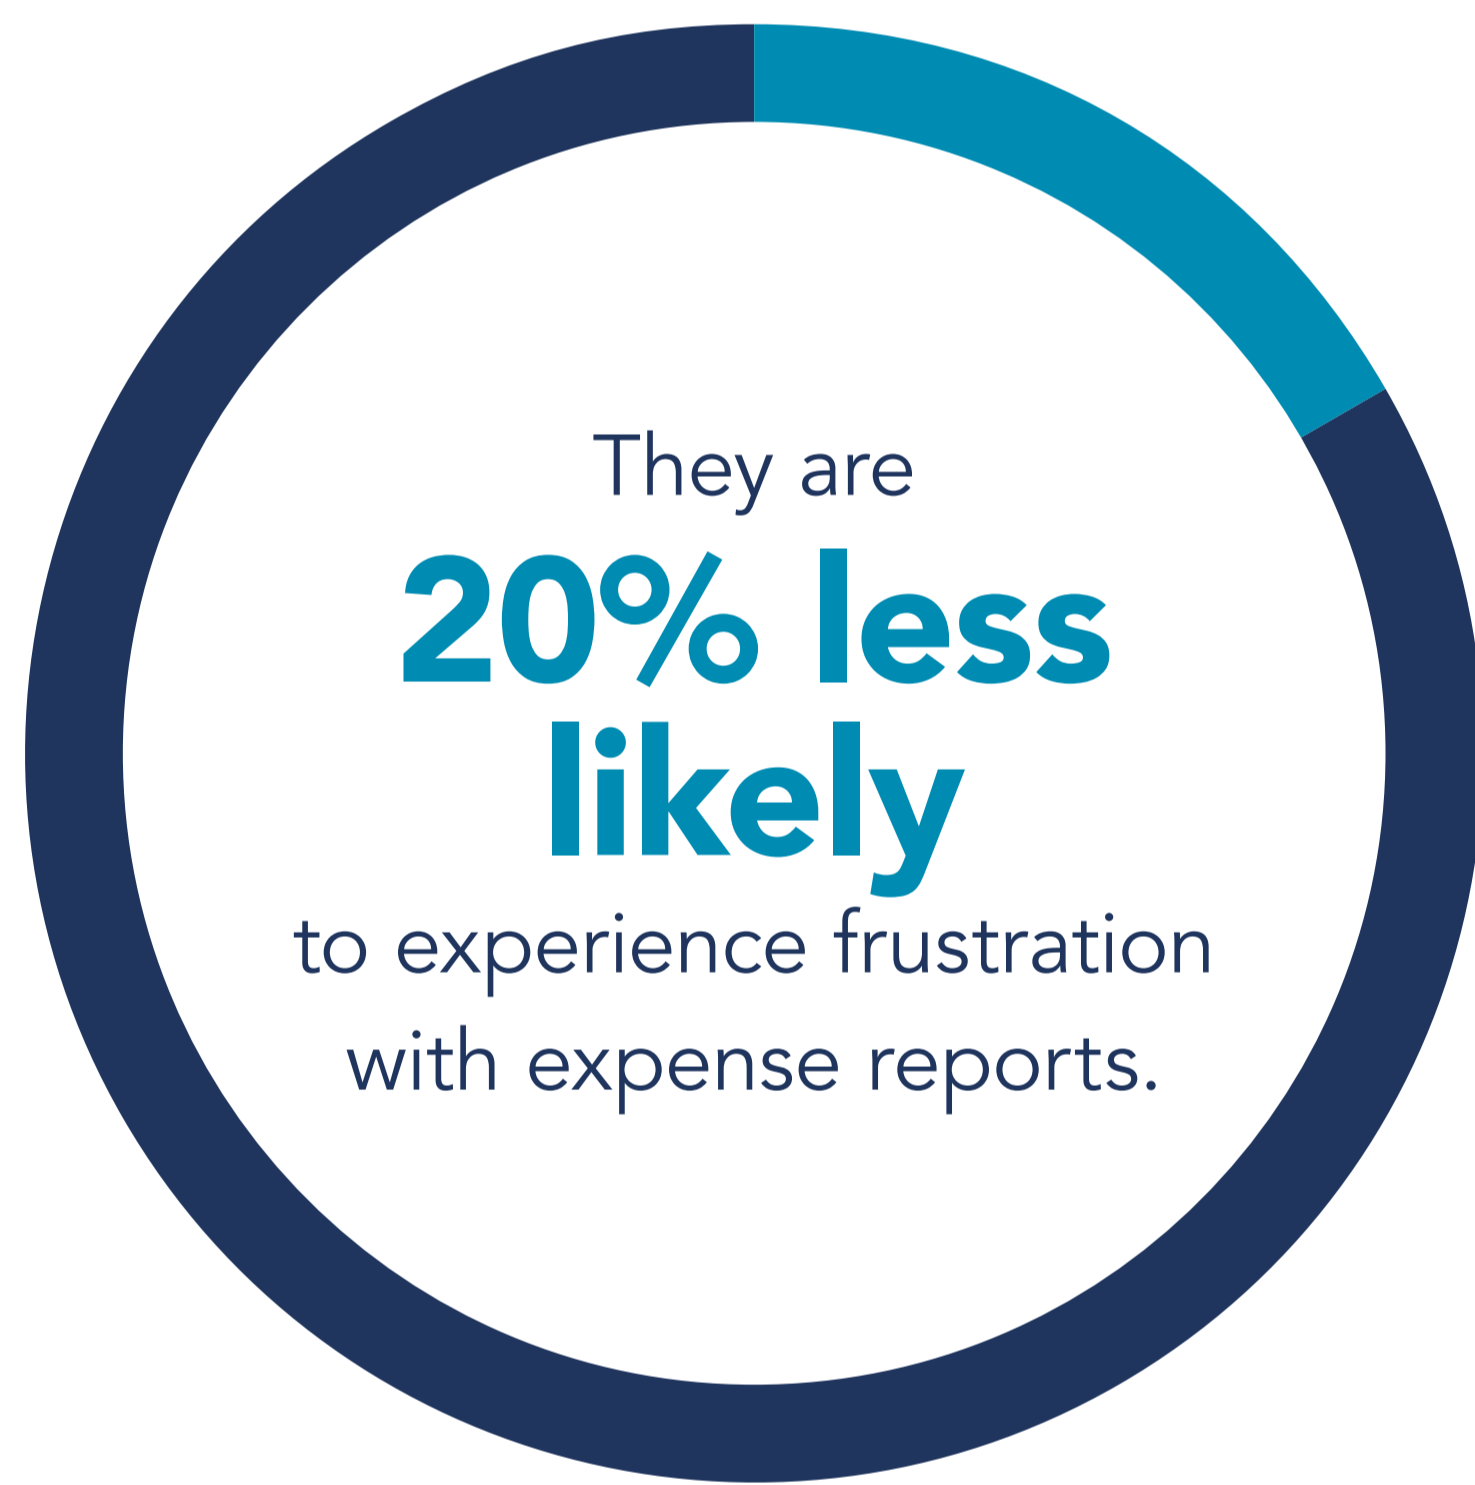

Save **8 hours** monitoring fraud each month.

In 2022, **72% of finance professionals** claim processing **expense reports** is still one of the most frustrating parts of their job.

However, Teampay customers report having a much smoother experience with the process.

According to Teampay customers:

Looking Ahead

In the next year, 83% of finance professionals plan to automate their existing processes for better visibility and control over their spend.

And it's no wonder why, given the results that companies can achieve with software like Teampay.

Teampay customers are:

5x less likely to feel that their company's platforms and finance tools lag behind those of other departments.

3x more likely to feel confident about budget forecasting.

At Teampay, we're obsessed with helping finance teams work smarter and save money.

We partnered with Material to survey over 500 finance professionals and over 1000 knowledge workers to better understand the challenges they face at work and the ways they hope to overcome them. You can download the full report here:
